

## RECALL TALK IS NOT SAYS GOVERNOR

State's Head Says Calhoun and  
Spreckels Are Pushing the  
Matter Along

SAYS SPRECKELS IS PAY-  
ING \$5 PER SIGNATURE

Los Angeles Welcomes Exec-  
utive—Lunched at Noon  
With Country Editors

LOS ANGELES, Aug. 26.—"The recall talk is all rot," declared Governor Johnson on arriving here this morning, regarding the petitions circulating under the direction of Alvah Udell, of San Francisco. "I knew this was coming. Before leaving Sacramento I was told that Patrick Calhoun and John D. Spreckels were offering five dollars for each signature. Let them proceed. I have every confidence that the people will repudiate the petition. I do not fear a recall."

The Governor refused to comment on the Archbold-Penrose-Roosevelt controversy before the senate committee investigating campaign contributions. He speaks here tonight and will start to Salt Lake tomorrow.

Six hundred people greeted Governor Johnson at the station. Mayor Alexander attempted a speech of welcome benediction, "I welcome the next Vice President," but the cheering crowds interrupted and the Mayor's speech was drowned. Governor Johnson was escorted by automobiles that followed a band through the streets, the Governor waving a red bandana at the crowd's request.

**LUNCHEON AT NOON WITH  
SOUTHLAND COUNTRY EDITORS**  
At noon the Governor attended a luncheon at the Los Angeles Athletic Club, meeting the country editors. He returned to his hotel to rest for a big meeting he will address tonight. Reservations for seats were made at the Auditorium for several hundred from nearby cities.

**WHAT RECALL PETITION AND  
THE PETITIONER ALLEGES**  
LOS ANGELES, Aug. 26.—Copies of the Governor Johnson recall petition with an argumentative circular by Udell reached here today. Udell gives six reasons for the recall.

He cites the alleged effort to control presidential electors through the primary election law; attacks the law's validity, charging that it disenfranchises Republicans in the Democratic districts and vice versa; declares Taft voters have no opportunity to vote for Taft electors. The recall petition alleged that Governor Johnson "approved legislation intended to foster land grabbing by wealthy individuals and corporations."

**UDELL IS CIRCULATING  
THE PETITION FOR RECALL**

SAN FRANCISCO, Aug. 26.—An attorney named Alvah Udell of this city is circulating a petition for the recall of Governor Hiram W. Johnson. It is not known how many signatures he has secured for the petition.

Udell is an attorney, occasionally identified with Republican politics. He is an ardent Taftite.

## DARROW TO HAVE A SECOND TRIAL ON BRIBE CHARGE

LOS ANGELES, Aug. 26.—Judge Willis today denied the motion of the Darrow defense lawyers to dismiss the indictment charging Clarence Darrow with bribing Robert Bain, a McNamara juror. The case was continued until 10 o'clock tomorrow to be set for trial.

District Attorney Fredericks is ill and did not appear in court. Attorney Earl Rogers is near a breakdown as a result of the first Darrow trial and said that he is undecided whether or not to ask for an early trial. It is generally believed that Fredericks will ask for a further continuance.

Judge Willis refused to comment on the general belief that an outside judge will sit if the case is tried. However, he admitted that neither he nor Judge Hutton would sit in the case.

## Why Is This? Grapes Go From 30 Cents to \$1.50 in Few Hours

Middlemen Adjust Prices and  
Throw Light on High  
Cost Problem

As to the high cost of living, the following from the Los Angeles Tribune of Sunday, Aug. 25 (yesterday), gives food for thought, and this, with other kindred information should rouse the consumers to an investigation as to the real causes of the rapidly increasing cost of living:

"That the high cost of living is at least partially due to the big profits of the middlemen, and that they make prices double or triple in a few hours is shown by the following example: This morning at 6 o'clock farmers had seedless grapes at the Los Angeles produce market which they sold at 30 cents a box. These by 7 o'clock had been bought by commission men, who made a price of 60 to 75 cents to the retailers. By 8 or 9 o'clock the grapes were sold to retailers, who put them on sale at 5 cents a pound, or \$1.50 a box.

Thus the price of a box of seedless grapes advanced from 30 cents to \$1.50 in from three to four hours. The same may be said of a great many other fruits which are grown around Los Angeles."

## EAST FOURTH STREET PAVING PROJECT APPROVED BY OWNERS OF A MAJORITY OF FRONTAGE

If the owners of a majority of the frontage of East Fourth street between the Santa Fe railroad and the city limits at Maybury street have their way about it, it will be but a few weeks until that street is paved with asphalt and concrete paving and curbed with cement curbs.

Saturday evening there was a meeting of property owners of that street, at City Engineer S. H. Finley's office. A majority of the frontage was represented at the meeting, and all of those present were in favor of going ahead with the street improvement plans outlined recently to the City Trustees by the city engineer, who lives on that street. The proposal is to have a parkway down the middle of the street, and pavement on each side. This parkway would be twenty-two feet wide. From the Santa Fe to Grand avenue the pavement on each side is to be seventeen feet wide, and from Grand avenue to Maybury street fourteen feet wide.

The discussion as to the kind of pavement to be used brought out an expression in favor of the same kind of pavement as that laid on North Broadway west of the courthouse, which is an asphalt-concrete pave-

## IS HARVESTING 24,000 ACRES OF BEANS

Orange County Growers Cut-  
ting Crop Getting Ready For  
the Threshers

ORANGE CROP WILL  
BE RECORD MAKER

Sugar Beets Short by Twenty-  
Five or Thirty Per Cent of  
Last Year's Output

The harvesting of the 1912 bean crop in this county is well underway. In parts of the county the crop is lighter than last year, and the general average of ten sacks to the acre will probably be reduced this year to eight or nine sacks.

According to the estimate of L. B. Valla, commercial agent of the Southern Pacific, there are 24,000 acres of beans in this county. Of these about 19,000 acres are on the San Joaquin ranch, where men are now busy cutting and piling the vines to await the threshing.

Ranchers state that prices talked to them so far appear very favorable. Valla stated that reports received by him are to the effect that the walnut crop is good. There is considerable new acreage coming into bearing.

"The orange crop coming on is going to be the finest in the history of the county, said the railroad man. "I have talked with big growers and shippers, and they all tell me the same story. The trees are loaded, and the fruit is well distributed over the trees, which means that the chances for uniform maturity is increased. With the new acreage coming into bearing and the old orchards bearing heavily, the output of oranges from Orange County will be the greatest in the county's history."

The sugar beet crop is short. Owing to the late planting season and the shortage of late rains, the sugar beet output will be but seventy or seventy-five per cent of the output of last year. The percentage of saccharine matter in the beets, however, is excellent.

## DEBS GIVES VOICE TO FIERY SPEECH

TERRE HAUTE, Ind., Aug. 26.—Explaining the objects of Socialism, saying capitalism and capitalists, Eugene Debs in a fiery speech today accepted the Socialist presidential nomination.

"Capitalism is rushing blindly to its doom. The signs portend the inevitable breakdown of the existing order. Deep-seated discontent has seized upon the masses. They must indeed be deaf who do not hear the mutterings of the approaching storm."

Poverty, high prices, child slavery, widespread misery, haggard want, prostitution and insanity, suicide and crime in a land bursting with plenty, these in solemn numbers tell the tragic story of capitalism's saturnalia in blood and tears and shame as its end draws near."

## MARTIN WILL BE DEFENDER OF THE CUP

Santa Ana Aviator Backed by  
Chicago Syndicate to Enter  
Gordon Bennett

NEW PONTON IS  
GREAT IMPROVEMENT

Tractor is to be Shipped to  
Cicero Field For Use in the  
September Events

It is now certain that Glenn L. Martin of Santa Ana will be entered as one of the team of American defenders of the Gordon Bennett cup. The flights for the cup will be pulled off in Chicago on September 9. Martin expects to enter the circuit race in September.

When Martin was here a month ago he stated that it was probable that he and Lincoln Beachey would be selected as the American team, but arrangements were not completed with Martin until the last of last week.

Yesterday a telegram was received by C. Y. Martin, father of the aviator of Santa Ana, stating that Martin was backed by a Chicago syndicate to become a cup defender. In preparation for the big event Martin stated he expects to buy a fine new Gnome engine, considered the finest aeronautical engine to be had. It is the engine used by the French racers.

The aviator sent orders for the shipment of his tractor to Chicago. The tractor is considered by Martin to be the speediest biplane yet turned out by his factory, and with the powerful Gnome engine to drive it the biplane will make speed probably as high as any biplane ever in the air. William Stevens, who is chief designer and head of the mechanical department of Martin's factory, has received instructions to go to Chicago with the tractor.

This is the first biplane built by Martin that has the engine placed in front of the driver. Hitherto all of Martin's flying has been with the driver below and in front of the engine.

The Gordon Bennett meet will bring together the best fliers of various nations. The event is open to any nation. On Saturday the factory in Los Angeles shipped a new pontoon to Martin at Chicago, and within a short time the Santa Ana aviator will be flying from and alighting upon the waters of Lake Michigan.

The new pontoon is a much better article than the one used on Newport Bay. It is eighteen feet long instead of fourteen, and has double the buoyancy of the old pontoon, which was part of the machine that Martin flew from Newport Bay to Avalon. It is designed with a couple of "teeth" in the bottom, which have air-holes reaching to the top of the pontoon.

This gives opportunity for the entrance of air to the lower surface of the pontoon and thus the vacuum that forms by the cleavage of the flat surface to the water will be broken and the rise from the water will be made easier. This type is new and was designed by Martin as the result of his experiments on Newport Bay. Ben Reinland, Martin's secretary, was in town from Los Angeles over Sunday. He stated that last Saturday the factory shipped with the pontoons a number of biplane parts and a fine new propeller designed especially for use by Martin.

## 20 WOMEN WERE SLAIN AT MANAGUA

U. S. Navy Department Plans  
Are Beginning to Be Put  
in Force

WASHINGTON, Aug. 26.—Twenty women aiding the rebels were killed in the recent bombardment of Managua, according to delayed State Department dispatches from American Minister Weltzel. One hundred and twenty non-combatants were killed.

The prosecution of the Navy Department's plan to concentrate the Pacific fleet at Corinto will begin with the early departure from Bremerton of the cruiser Colorado. The rebels are reported as concentrating near Corinto.

The U. S. State Department has confirmed the reports of the capture of former ex-Vice President Quiroga in Honduras, who with six associates, is fomenting strife in Nicaragua.

## T.R. WANTS LOEB TO BE HEARD BY COMMITTEE

Tells Loeb to Give Fuel Details of 1904  
Harriman Interview--Disappointed  
At Losing Own Chance to Testify

OYSTER BAY, Aug. 26.—Colonel Roosevelt wants Collector of the New York Port Wm. Loeb to testify before the Senate campaign contributions committee, to answer John D. Archbold's testimony regarding Harriman's contributions in 1904. Following Loeb's visit here Roosevelt said today:

"Loeb told me he saw a statement that he will be summoned. I told him he must testify to everything if called."

Loeb, who was formerly Roosevelt's secretary, was present at the interview between Roosevelt and Harriman when they discussed the 1904 campaign. The Colonel declared he would be glad to have the committee hear Loeb tell the actual happenings at the interview. He reiterated his own wish to appear before the Senate committee.

"I made my statement regarding Harriman during his lifetime," Roosevelt continued. "Then I let it rest. As the Senate committee chooses to listen to the hearsay gossip of Archbold and Odell in regard to what Harriman said, and what occurred at our interview, I will be glad to have them listen to Loeb, who was present and heard Harriman ask me to get Bliss and Cortelyou to contribute funds to himself, and Odell for the state campaign. Neither Harriman nor I mentioned the Harriman contribution or the expenses of my cam-

paign. Loeb telephoned Bliss or Cortelyou, transmitting Harriman's request. He also telephoned Bliss or Cortelyou as to the Standard Oil Co. contribution, making in my behalf the same request I had made in letters and telegrams and receiving the same assurance I had received, that no Standard Oil money had been received or would be received."

Colonel Roosevelt has been denied an opportunity of appearing now before the Senate committee investigating contributions to the presidential campaigns of 1904 and 1908 to answer statements made by John D. Archbold of the Standard Oil Company.

The Colonel was anxious to appear tomorrow because of his campaign plans, which will call for a trip from coast to coast, but the earliest likelihood of being heard now seems to be September 30.

The scattering of the members of the Senate committee is responsible for the delay in hearing Col. Roosevelt. Roosevelt is deeply disappointed at having lost the chance to testify directly before the committee.

The Democrats of the Senate, who hope to derive much political capital from the controversy now raging between Senator Penrose, the former president and some of the Republican party leaders, are primarily responsible for the delay. Working beneath the surface are the regulars, who dislike Mr. Roosevelt.

## DEVIL CANYON'S FIRE IS UNDER CONTROL

4 Square Miles Devastated  
Since Forest Fire Began Rag-  
ing on Last Friday

PASADENA, Cal., Aug. 26. Two hundred men under forest rangers have controlled the forest fire that has been sweeping through Devil's Canyon since last Friday. It is believed there is no further danger. Four square miles of country have been devastated, but the watershed has not been damaged and no fatalities have been reported.

## POLICEWOMAN IS FOUND USEFUL IN WOLLYWOOD CASE

LOS ANGELES, Aug. 26.—Patrolman Gilpin appearing with a warrant for her arrest, Mrs. Eva Dennett of Hollywood, stripped off her clothes, climbed in bed and defied the officer. Gilpin compelled Mrs. Dennett to dress. The warrant for arrest was sworn to by Mrs. Dennett's father on a charge of disturbing the peace, he alleging the woman locked him from the house.

## WOULD RE-ROUTE PHOENIX ROAD RACE TO BOULEVARD

SAN BERNARDINO, Aug. 26.—Effort will be made by the Foothill Boulevard Association to secure the re-routing of the Los Angeles-Phoenix road race via that highway and through San Bernardino, Redlands and Yucaipa Valley to Beaumont. It is said that if the course of the Ocean-to-Ocean highway is chosen a bad stretch of road west of Colton will have to be put in condition.

## ARTICLES TELL OF PROJECT TO BUILD RAILWAY COLTON ALONG COAST TO SAN DIEGO

A project for building some kind of a railroad from Colton, San Bernardino County, through Riverside, Santa Ana, Balboa, Laguna Beach and Oceanside to San Diego was made known here by the filing of the articles of incorporation of the Southern California Beach Railway Company.

The articles state that Santa Ana is "the principal place of business, that the capital stock is \$3,000,000, that there is \$150,000 of the stock actually subscribed, that the estimated length of the road is 150 miles.

The directors are H. C. Foster, W. D. Gilman, M. Smithwick, C. R. Sumner and M. L. Cook, all of Los Angeles. Each of these men, according to the articles, have subscribed \$100. M.

## OROZCO ESCAPES FEDERAL TRAP

Joins Fellow General and Will  
Further Continue to Harass  
the Country

EL PASO, Texas, Aug. 26.—News by courier was brought to Hachite, N. M., yesterday that the rebel generals, Pascual Orozco and Inez Salazar, had formed a junction fifty miles below the border at that point.

If this report is true, the rebel leader has escaped from the trap set by federalists below Juarez, and passed through the cordon of troops strung along the railways.

The courier reported that the junction between Orozco and Salazar forms a group of about 900 men. They are selecting the best horses and killing all animals they cannot use. The courier came from the Nogales ranch, where the rebels are operating near the boundary of Chihuahua and Sonora.

It is believed no federal force is in a position to prevent Orozco's entrance into the westward border state through the San Luis Pass.

It appears certain that the rebels will pass through Colonia Morelos and neighboring settlements in the State of Sonora. Fearing this, a courier was dispatched yesterday from Douglas, Ariz., to warn the Americans of the approach of the rebels.

## MEXICO ENDS AMNESTY; REBELS TO BE SHOT

JUAREZ, Mex., Aug. 26.—Saturday ended the amnesty to those in arms against the government of Mexico. Yesterday began the suspension of the guarantees, after which time prisoners of war may be executed. Saturday rebel leaders could have given up their arms and received pardons. Today they may be put to death without trial.

## McLAUGHLIN, CHAMPION

NEWPORT, Aug. 26.—Six thousand people saw McLaughlin of San Francisco defeat Johnson of Philadelphia for the national tennis championship today. The score stood 3 to 6; 2 to 6; 6 to 3; 6 to 4; 6 to 2.

## CONGRESS IS FINALLY ENDED

Adjourns at 4.30 p. m.—Sen-  
ate Passes General Deficiency  
Bill—Taft Signs it

CAMPAIGN FUND PROBE  
RESOLUTION IS PASSED

Adjournment Postponed Satur-  
day Night by Deadlock—  
Solons Disgusted

WASHINGTON, Aug. 26.—The six-  
ty-second congress adjourned sine die,  
both houses closing at 4:30 o'clock  
this afternoon after a session of 282  
days.

## GENERAL DEFICIENCY BILL IS PASSED BY SENATE

WASHINGTON, Aug. 26.—This af-  
ternoon the senate passed a resolution  
to adjourn at 4:30 p. m. and also  
passed the conference report on the  
general deficiency bill after Senators  
Smith of Maryland and Culberson  
withdrew their objections. At 3 o'clock  
President Taft started to the capitol  
to sign the general deficiency bill.  
The house also agreed on a resolu-  
tion to adjourn at 4:30 p. m.

## ADOPTED PENROSE-REED BILL FOR CAMPAIGN PROBE

WASHINGTON, Aug. 26.—The sen-  
ate today adopted the Penrose-Reed-  
Poindexter resolution for an investi-  
gation of campaign contributions  
since 1904. The resolution provides  
for an investigation of all correspon-  
dence and transactions between  
John D. Archbold and congressmen,  
and also for a probe of the alleged ac-  
tivity of George W. Perkins in behalf  
of Col. Roosevelt.

When the Penrose-Reed-Poindexter resolution was called Penrose immediately withdrew the amendment demanding the employment of attorneys to aid in the investigating committee. At Senator Clapp's suggestion the resolution was modified permitting counsel for those under investigation, subject to the committee's rules. Senator Bailey asserted that the senate had no right to investigate the election of any president. Senator Smoot offered an amendment limiting the correspondence to be investigated to letters relating to campaign contributions. Poindexter objected, suggesting that the letters be limited to financial matters. This was accepted. The entire resolution was then passed. It includes a clause directing an inquiry into the financial methods of the Progressive party, and requires an accounting from 1912 candidates including pre-convention campaigns, and sources of contributions.

The appropriations committee reported that the session's appropriations bill will aggregate one billion and nineteen million dollars.

## HOUSE ISSUED DEMAND FOR ADJOURNMENT AT 3 O'CLOCK

WASHINGTON, Aug. 26.—At 2:30 o'clock the house took a recess for an hour, the leaders meanwhile endeavoring to fix an hour for adjournment. Representative Underwood said: "There will be no overtures from the house. Our proposal demanding an adjournment at 3 o'clock is our last word."

Less than one hundred were present when the house took its recess. Senator Penrose announced in the senate that an agreement to adjourn had been reached, but gave out no details.

## DEADLOCK PREVENTED FINAL ADJOURNMENT

WASHINGTON, Aug. 26.—With both houses deadlocked over the general deficiency bill, and the senate snarled up in a filibuster within a filibuster, plans for the adjournment of congress Saturday night were knocked sky high. Consequently an adjournment may be delayed for days, according to opinion this morning.

After putting in vain, and keeping the president of the United States sitting all night in the senate lobby, both houses recessed about daybreak Sunday morning until 12 o'clock today. In the meantime many senators and members of the house had left town in disgust, and when the two branches of congress came together today, it was not expected that either house would have a quorum.

**Causes of Difficulty**  
The century-old state claim for \$600,000 in the general deficiency bill on the question of which the house refuses to yield, is one cause of the delay. The other was the determination of La Follette to force the passage of the Penrose-Reed resolution for a sweeping campaign contribution inquiry.

## SURVEY OF HARBOR CREATING COMMENT

NEWPORT BEACH, Aug. 26.—The plans for a new two-story apartment house at West Newport are nearly finished and by next season this building will be ready to take its part of the big business that Newport is now experiencing.

The work of surveying the harbor at Newport is attracting a great deal of interest among investors. Newport Harbor will be an admirable shipping point for the counties adjacent and it is expected that it will be one of the big shipping points in Southern California.

There has been some talk of building several house boats on the Santa Ana river at West Newport. The river is little affected by the tides, which makes it an ideal place for house-boat parties.

August has proven a banner month in East Newport, all of the cottages and rooms being taken and many on the waiting list. Capt. and Mrs. Cox of San Diego, and formerly of East Newport, arrived last week in their boat, the "Amanda."

The South Coast Yacht Club is holding one of its famous week-end parties at the clubhouse over Saturday and Sunday. Rear Admiral Albert Solland has charge of the cruise. Last night was spent at a social dance at the clubhouse. There will be motor-boat and yacht races on the bay today.

## SCHOOL BOARD TO INSPECT SCHOOLS

Orange News: The high school board will not ask for plans for the new high school building authorized by the voters of the district at the recent \$50,000 bond election until the trustees have inspected other high school plans of Southern California and arrived at some general plan of building. This determination was expressed at a meeting of the board held last evening.

A number of architects have made inquiries as to the desires of the board but no plans will be called for until the members have made an inspection of other schools.

The board passed the usual batch of current expense bills. It has been announced that a new course of study will be added to the high school curriculum. This course will be known as library science and will be under the direction of Miss Pryne. The study will take into consideration a knowledge of books, cataloguing, caring for books, binding and general library work. A half credit will be given for the course.

Miss Tyne has made a study of library science for several years and took special work in that line at Berkeley this summer. The course is a practical one and will be the only one of its kind in any high school in the county.

## COMPLICATIONS IN MATTER OF PRESIDENTIAL ELECTORS

FROM THE RIVERSIDE PRESS.

California is not the only state in which unexpected complications have arisen under the state laws regarding the right of Roosevelt electors to go on the ballot designated as Republicans. Many Riveriders are well acquainted with George Thompson, owner and editor of the St. Paul Dispatch and Pioneer Press, a staunch Roosevelt man. This is what he says of the situation in Minnesota, where the Republican electors were nominated before the Chicago convention, Mr. Thompson himself being named as an elector:

While those electors were chosen to cast for president the vote of Minnesota and were chosen as Republicans, they were the choice of a convention that was unanimously for Roosevelt, and against Taft, and were supposed to reflect, each of them, the same view.

Minnesota was against Taft then, and is against Taft now. No one conversant with the situation in this state can doubt that, even had the Chicago convention been above reproach, had its methods been wholly honest, and had Taft been a legal and enthusiastic choice, Minnesota sentiment would be arrayed against him. But it cannot be disputed that Minnesota sentiment will never concede the honesty of the Taft nomination.

There is a bit of comment from the State Journal of Lincoln, Neb., a state which went overwhelmingly for Roosevelt in the presidential primaries:

This sudden galvanizing into life of the electoral college introduces a bewildering problem. The electors may announce that, if elected in November, they will vote for Roosevelt, a thing they have a perfect right to do. In that case, they will go on the official ballot as Republicans, while the Taft electors can go on only by petition.

By tremendous majority Kansas Republicans have selected electors who are pledged to support Roosevelt and commenting on the situation in that city the Kansas City Times says:

Ordinarily the allegiance to the party organizations and the allegiance to the voters choosing the electors have been identical. But now, in the Progressive states, fidelity to the voters is precisely opposed to fidelity to Barnes, Penrose, Guggenheim and their accomplices of the national committee.

Electors who were chosen in the Progressive states before the Chicago convention certainly were not chosen with the understanding or with the implication that they would help the crooked politicians of the national committee to disfranchise the very people who selected them! The Outlook gives the following interesting review of the right under the law and precedent of the electors to represent the sentiment of the state from which they come, recognizing no other obligation than this:

The presidential electors have the power to elect any native American citizen they may choose to elect, but party nominations have been made ever since 1796, and since that time the presidential electors have, in fact, simply declared the will of the party by which they were elected.

But in doing so they have acted as representatives of the state. In fact there is never a national meeting of the electors. They meet only in their several states, and alike by the constitution, by the treaties on the constitution, and by the decisions of the courts they are recognized as state officers. The state, and the state alone, has the constitutional authority to determine the method of their selection. Says Mr. Burgess in his treatise on constitutional law:

"The legislature of the commonwealth might order the election of the electors by universal suffrage or by restricted suffrage, directly or indirectly, by district ticket or general ticket, by single or cumulative vote; or it might authorize the executive of the commonwealth to appoint them; or it might choose them itself; or cause them to be selected by any person and in any manner which it might deem suitable."

The presidential election is an election by states. It is determined, not by the majority of the votes cast in the nation, but by the majority of the electors who have been elected in the several states. It has more than once happened that a president has been elected by a majority in the electoral college, although he had had only a minority in the popular vote. If the presidential electors cannot elect, and the election is thrown into the house of representatives, the election then is determined, not by a majority of all the members, but by a majority of the states, each state having only one vote. If no candidate has a majority of the states, no candidate is elected, and

the vice-president becomes president. Thus to quote Mr. Miller on the constitution:

"The electors, whether chosen by the legislatures of the states, as they were originally, or by the popular suffrage of each state, as they have come to be now, or by limited districts in each state, as was at one time the prevailing system, are always but the puppets selected under a moral restraint to vote for some particular person who represented the preference of the appointing power, whether that was the legislature, or the more popular suffrage by which the legislature itself was elected. So that it has come to pass that the curious machinery is only a mode of casting the vote, to which a state is entitled in the election of president, in favor of that candidate who is the favorite of the majority of the people, entitled to vote for the more popular branch of the state legislature, in each state."

It appears to us clear, in the light of these facts, that the presidential elector should consider himself a representative, not of the nation, nor of the national convention, nor of the national party, but of the state which has elected him. And if it is clear that his party in the state and his party as represented in the national convention do not agree, he should represent the party in his state or resign his office.

In most of the states the presidential electors are nominated after the national convention has been held, and there is therefore no question respecting the candidate for whom the state organization wishes the elector to vote. But when the presidential elector has been nominated before the national convention is held, and when the elector has adequate grounds for believing that his state party is opposed to the candidate nominated by the national convention, he should represent by his vote in the electoral college, not the will of the national convention, who have not elected him and whom he does not represent, but the will of the people who have elected him and whom he does represent in the electoral college.

The people, no less than the constitution and the courts, have always regarded the presidential elector as a state official and have always expected him to represent the state by his vote in the electoral college. And it seems to us that a discredited convention is not regarded by parties in America as imposing any moral obligation on either the voters of the party or its official representatives.

The Review of Reviews, one of the greatest and fairest magazines in the country, in reviewing the Chicago convention editorially, takes the same view of the situation that the Outlook does. It says:

The national conventions are not the party courts of last resort. The appeal from voluntary national gatherings is to the legal and tangible party organizations of the several states. The simple fact is that the Republicans of the country had already nominated Mr. Roosevelt and that the business of the Chicago convention was to ratify that nomination, select a vice presidential candidate, adopt a platform, change the basis of representation in future conventions, provide for the choice of delegates in the future by popular primaries and adjourn. Inasmuch as the convention failed to do these things, it had nothing to expect but to find its work repudiated in as many states as were dissatisfied. In states like California, Nebraska, Kansas, South Dakota and various others, the Roosevelt Republicans were in full control, and in some of them the presidential electors had already been nominated. There was no reason why these electors could not declare themselves as intending to vote for Mr. Roosevelt in the electoral college, if they should be elected for that purpose by their fellow citizens in November.

This review of the situation is certainly a strong argument in justification of the course taken by the Progressives in California. At the September primaries the Republican voters are going to have the issue put squarely before them whether they want Roosevelt or Taft electors chosen to represent the state in the electoral college. If they favor the naming of Roosevelt electors, they will vote for those legislative candidates who are pledged to vote in the Republican state convention for Roosevelt electors; and if they are for Taft, they will support the nominees who are pledged to Taft electors. If they decide in favor of Roosevelt, as it seems certain that they will, there should be no question of the right of the Roosevelt electors to go on the ballot as Republicans, to represent the sentiment of the Progressive Republicans of the state who dislodge California's electoral vote to be cast for Col. Roosevelt.

## GROVE DEPOT A BUSY PLACE

Tomatoes, Chiles and Cucumbers Being Shipped in Considerable Quantities

GARDEN GROVE, Aug. 26.—The Garden Grove depot is a busy place at present. There are a number of products being shipped each day both for the market and canneries. Tomatoes, chiles and cucumbers in large quantities, besides poultry and eggs, which are shipped daily the year round, are included in the shipments. The house which has just been vacated by Mrs. Jewell is being repapered and painted and will be occupied by W. H. Thompson who came here from Hanford some months ago. The Jentges-Rogers building is finished and the firm will keep on hand a large line of hay, grains, and fuel. The new building is just across the track from the depot.

The Queen Esther Circle gave a miscellaneous surprise shower, on last Friday evening to Mrs. Arthur Schnitzer at the home of her mother, Mrs. E. Schneider. Ice cream and cake was served at the close of a very pleasant afternoon. About forty were present. Mr. and Mrs. Schnitzer have gone to house-keeping on their ranch one mile north of town.

There was no band concert by the band on Saturday evening on account of so many boys being away on their vacation.

Mr. and Mrs. M. E. Hill of Upland are visiting friends and relatives of this place. Dr. F. D. Ashleigh was called home from his vacation trip to preach the funeral sermon of Mrs. Brady, wife of Peter Brady, whose death occurred on last Thursday. The funeral was held at the home on Saturday, August 24, and was attended by a large circle of relatives and friends.

Mr. and Mrs. J. T. McElree have moved into their new house which has just been completed.

Montee Preston is again at his post at the drug store after a week's outing.

Mrs. Jewell has moved into her new house which has just been completed.

Bert Mills of Los Alamitos was a visitor at the home of Mrs. H. L. Parks this week.

Mr. and Mrs. G. W. Barnes have gone to San Diego to visit with friends. They will be gone two weeks.

Mrs. Harriett Baker is building a small house in the rear of her lot which she intends to occupy, and will rent her home furnished.

Frank Powell and Roy Carmichael who have been attending the Latter Day Saints' reunion at Hermosa Beach returned home on Wednesday.

Chas. Swall was a business visitor to Los Angeles on Saturday.

J. H. Calahan returned from Wilcox, Arizona, last Thursday where he has been looking after business interests.

Mr. Martell with Mr. Calahan bought three carloads of cattle while there and will fatten them on beet pulp and tops at the Holly sugar factory.

A representative of the Pacific Telephone and Telegraph Company was in Garden Grove on Wednesday looking over the ground with a view to improving the service here. Some improvements are badly needed and it seems should be entitled to them, with so large a number of subscribers.

F. D. Ashleigh, pastor of the M. E. church, started on Tuesday for a vacation. He will visit friends at San Diego and Escondido. The pulpit at Garden Grove was occupied both morning and evening by Rev. J. A. McMillan of Gardena.

The quarterly meeting of the Free Methodist church will convene on Friday, August 30 and continue over Sunday. Rev. J. E. Cochran will have charge of the conference.

The little daughter of H. B. Stone had a mild attack of appendicitis last week, but is improving. An operation was not necessary.

## Y.M.C.A. CAMPERS TO RETURN TUESDAY

Camp Experience All Too Brief For Enthusiastic Young Y. M. C. A. Workers

A letter received today from Mr. R. J. Hamilton, superintendent of Camp Wilkie, Catalina, states that he will accompany the Orange County Y. M. C. A. boys home tomorrow and expects to be in Santa Ana about 8:30 p. m.

The boys have been benefitted greatly by their two weeks' camping experience, and all are agreed that the time passed all too quickly. Numerous prizes and camp honors have been won, a list of which will be published later.

A special feature of the camp was the reading of the Register every morning. The financial secretary, Martin Warren writes that "the boys look for the papers and think they are fine."

Some of the leaders will stay another week to attend the "after-camp" which will be in the form of a Bible training class.

## BIG DAY FOR ELKS LODGE

Barbecue and Day of Fun Was Provided For the Herd Yesterday

More than one hundred and fifty happy members of the antlered herd, members of Santa Ana lodge from all over Orange county, with sojourning members of the order and a few guests who were not Elks, spent one of the most pleasant days of their lives yesterday, the guests of the Forster brothers at San Juan Capistrano.

The barbecue, which was the principal feature of yesterday's entertainment, was held under the spreading branches of the giant sycamore trees, in a cool, shady spot a short distance from the quaint old mission village. It was an ideal location for such an event, the weather was perfect, and the eager, glowing faces of the guests as they approached the scene reflected their joyous anticipation, and the tired but happy smile with which they bade adieu to the festivities at the close of the day, was ample evidence of their complete satisfaction with the results of the day, and their pleasure in having been privileged to enjoy them.

It was evident from the start that those present had come with the determination to enjoy themselves to the best extent, and like the busy little bee, improve each shining hour. And there were some mighty busy bees there, too, for there was something doing every minute. There were all sorts of "concessions" on the grounds, and as a liberal supply of money was in circulation, the generosity with which the concessions were patronized was amazing. Every improvised amusement that the ingenuity of the committee could contrive—and they possess a right smart of ingenuity, at that—was provided, and old men and young and middle aged men enjoyed them like children.

Goepper's orchestra from Santa Ana, and the Fullerton band furnished music throughout the day, and the lively strains served to revive any lagging spirits—but there wasn't much lagging in sight.

And the barbecue—well it was some nifty spread. There was nothing left to be desired. The Forsters, through generations of training and a natural instinct, are past masters in this barbecue business; and genuine warm-blooded, genial hospitality is a characteristic of their race. The succulent beef and the juicy mutton, the chile and the beans and the tortillas, were all done to the queen's taste—and there was oodles and oodles of everything. It looked like enough to feed a regiment of soldiers, but the inroads made by those hungry Elks on the generous supply was appalling. But everybody had plenty, and that was enough.

John and Frank Forster and their brother-in-law, Mr. Etchenique, were the hosts of the occasion, and to them the Elks are indebted for the splendid courtesy of yesterday. The Forsters are descendants of the Picos, the last ruling family in California under the old Mexican regime, their grandmother, whose maiden name was Ysidora Pico, being a sister of Pio Pico, the last Mexican governor of California. For generations the Forster family have lived in the Mission Valley, and are among the best known and most highly respected of the "old families" now remaining.

In the evening, after many had left the scene of festivities, those who remained to return home on the train amused themselves in various

ways. The Fullerton band furnished music for the villagers and the visitors in the evening, on the streets and at the dance hall.

For the Forsters, it was a happy revival of an ancient custom dear to their hearts, and for the Elks who were their guests yesterday, it was an event the memory of which will long be cherished.

## BUGGY, EGGS SMASH AND TWO BOYS STUNG

Excitement on the El Modena Grade Followed Scaring of Horse

There was excitement on the El Modena grade yesterday afternoon, at least, excitement for a man, horse and two boys.

A man driving a single rig was going up the grade when a string of four automobiles was met. The horse went off the grade, and the buggy with him. The man jumped. In the buggy was a quantity of provisions, including eggs. The buggy was smashed. The eggs met a like fate.

Two small boys went to the place to examine the wreck, and stirred up a nest of hornets, wasps or something else that have lusty stings. The boys got all the excitement they wanted. The swells produced are said to have been enough to insure remembrance of the occasion.

## DON'T WAIT Take Advantage of a Santa Ana Citizen's Experience

When the back begins to ache, Don't wait until backache becomes chronic.

"Till kidney troubles develop; 'Till urinary troubles destroy night's rest."

Profit by a Santa Ana citizen's experience. P. G. Etchenique, 820 E. St., Santa Ana, Cal., says: "Since using Doan's Kidney Pills in 1907, I have had little need of a kidney remedy. A dose or two on a few occasions when I have noticed pain in my back has sufficed to relieve the trouble. My opinion of Doan's Kidney Pills as was expressed in a public testimonial I gave two and a half years ago remains unchanged, as I value them as highly as ever. I was subject to attacks of kidney complaint for months and if I brought any strain on my back, I was sure to suffer from backache. Knowing that this misery was due to disordered kidneys, I finally used Doan's Kidney Pills, procured at Dean's Drug Store (now Wheeler & Mateer's Drug Store). They went directly to the seat of the complaint and I could not have asked for greater benefit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## ARE PLANNING AUTO LINE TO SAN DIEGO

Fare Would be Less Than That Charged by Santa Fe—Stop at the Mission

If present plans are carried out, there will be a sight-seeing line of automobiles plying on a regular run between San Diego and Los Angeles. The plan is to place 14-passenger high gear cars on the run, leaving Los Angeles about 7 a. m., with an hour's stop for dinner at the old mission at San Juan Capistrano. Tickets will be sold, good for the round trip, to be used any time within 60 days after purchase. The fare, it is said, will be less than that now charged by the Santa Fe.

## MORE SPEED THAN ANY OTHER PITCHER

The speed of Walter Johnson, an Orange County boy now with Washington is a source of much baseball comment.

Here is the latest: Walter Johnson of the Nationals has more speed than any other pitcher in the business, according to Doc White of the Sox. Doc is a great admirer of the magnificent rival twirler, and makes no bones about it.

"Half the time Johnson pitches without extending himself," said White the other day. "Honestly, I believe if he tried his best you could scarcely see the ball come across. There are many larger and heavier men than Walter, but he has his strength and weight co-ordinated down to the perfect point."

"His motion is absolutely right. It is easy, without the trace of a jerk. And the ball does come down the line like a bullet. I'd like to see him let himself out for just one game to see what he could do."

## ARREST SEEMED TO CARRY NO LESSON

Clyde Day Put Up One \$5, But May Have to Face a Second Charge

Clyde Day of Westminster may find that speeding after arrest is even more costly than speeding before arrest. Day was arrested by Motorcycle Officer Lambert, and put up \$5. A few minutes later Day headed for home, and he was seen by several witnesses going out West fourth street at a rate of speed estimated at somewhere around fifty miles an hour. It is likely that a second charge will be brought against the motorcyclist.

E. P. Thorr yesterday put up \$10 with Motorcycle Officer Lambert after arrest for speeding an automobile.

City Marshal Jernigan had three men before City Recorder Willson this morning on charges of being intoxicated. E. Geodinas, found on Grand avenue by Jernigan, and Antonio Perez, arrested on C street by Constable Heard, were ordered to pay \$10 each or go to jail for five days. C. L. Horton, who does not live here, paid \$5. He was arrested at the corner of Fourth and Main streets by Officer Gilbert.

## NOTICE OF TRUSTEE'S SALE

Whereas, Robert L. Coutts, Jr., and Albee B. Coutts, his wife, by a Deed of Trust dated March 4, 1912, recorded March 27, 1912, in Book 216, page 4 of Deeds, records in the office of the County Recorder of the County of Orange, State of California, did grant and convey the premises therein and as hereinafter described, to the Citizens Trust and Savings Bank, a corporation, as trustee, to secure the payment of one promissory note, dated March 4, 1912, made by the said Robert L. Coutts, Jr. and Albee B. Coutts, his wife, for the sum of \$4500.00 payable one day after date, to the order of M. M. Scully with interest from date until paid at the rate of 8 per cent per annum, payable quarterly, which said note and Deed of Trust provided, in default should be made in the payment of any of said amounts or installments of principal or interest when due as provided in said promissory note, or of any of the interest thereon, then said Citizens Trust and Savings Bank, its successors or assigns, on demand by said M. M. Scully, her heirs or assigns, should sell the premises therein described or such part or parts thereof as in its discretion it should deem necessary to sell in order to accomplish the objects of the trusts provided for in said deed, and such demand for sale should be deemed conclusive notice of the exercise of the option of said M. M. Scully to declare the whole amount of principal and interest payable in accordance with the terms of said note and deed, and

Whereas, default has been made in the payment of said note in this, that the principal sum thereof was not paid when due except the sum of \$1572.80 credited thereon, and the interest thereon has remained owing and unpaid from and after March 5, 1912, and

Whereas, by virtue of said Deed of Trust, as above recited, in case of such default, it is provided that said trustee shall sell said property on the demand of the holder of said note, and

Whereas, the said M. M. Scully has declared to said trustee that default has been made as aforesaid, and in consequence thereof on July 2, 1912, said M. M. Scully elected to and did then declare the whole sum of principal of said note, amounting to \$4927.20 and interest thereon from March 5, 1912, at 8 per cent per annum, to be immediately due and payable, and demanded that the said trustee should sell the premises granted by said Deed of Trust to accomplish the objects of the trusts therein expressed.

Now Therefore, notice is hereby given that the undersigned, by virtue of the authority vested in it, as trustee, will sell at public auction to the highest bidder for cash, in United States Gold Coin, on Tuesday the 10th day of September, 1912, at the hour of 11 o'clock a. m. of said day at Broadway entrance to the County Court House in the City of Los Angeles, County of Los Angeles, State of California, all the interest conveyed to it by the aforesaid Deed of Trust, in and to the real property therein described, situated in the Rancho Los Coyotes, County of Orange, State of California, described as follows:

The Southeast quarter of the Southwest quarter, and the West half of the Southwest quarter of the Southeast quarter of Section 8, Township 4 South, Range 11 West, S. B. E. & M., reserving therefrom roads, railroads and ditches, also a strip of land 50 ft. wide along, adjoining and each side of the Township Section line, and a strip of land 15 ft. wide along, adjoining and each side of the quarter section line, also reserving the use and control of Cienegas and natural streams of water, if any, naturally upon, flowing across, into or by, said described tract, and reserving the right of way for and to construct irrigation or drainage ditches through said tract, to irrigate or drain the adjacent land.

Or so much thereof as shall be necessary to pay the remaining principal sum of said note, to-wit: the sum of \$4927.20 and interest thereon from March 5, 1912, at the rate of 8 per cent per annum, payable and compounded quarterly. Gold Coin of the United States, the expenses of said sale and the expenses of said trustee, \$285.00 terms of sale, cash.

In Witness Whereof, the Citizens Trust and Savings Bank, a corporation, has authorized this notice, and affixed its corporate seal by its President and Secretary the undersigned duly authorized, this 19th day of July, 1912.

CITIZENS TRUST AND SAVINGS BANK, Trustee.

## A FALSE CRY

Chairman Hilles is angrily denunciatory and the Bakersfield Echo is earnestly solicitous, by reason of the alleged impossibility of getting Taft electors on the ballot in California. Hilles wants the majority of the registered Republicans of California challenged at the polls. The Echo wants an extra session of the legislature called to pass a law to admit the Taft electors to the ballot.

The Echo being in earnest, let us take it seriously. There are only two objections to its proposed plan. One is that it is not needed and the other is that it can not be done. It is not needed, because there is no difficulty under the present law getting the names on the ballot. It can not be done, because under the referendum amendment to the constitution, a new law, even if passed now, could not go into effect in time to be operative on this election.

The real fight is not to get the Taft names on the ballot. That is easy. The petition law is simple, and the whole thing could be done in a week, at nominal expense. The fight is not even to get them on the ballot under a title which can not be misunderstood. They can go on as "National Republicans," "Taft Republicans," or by any other name which correctly describes them. But the fight is to force them on by a title which does not correctly describe them, against the will of the voters and candidates to whom the law delegates the determination of this question. In other words, it is to force the use of the name "Republican" after candidates whom the Republican convention has repudiated, and to deny that name to those receiving the majority vote, at the primaries and convention. We confess we can not see that the question is practically important, either way. People are going to vote for candidates, not for party labels, this year. But we do feel like fighting for the principle that the question shall be settled by the voters in California, under the laws of California and not by the forty thieves in Chicago.

Here is the situation. The California Republican party is a legal entity, recognized and regulated by law. The National Republican party is a voluntary association, having no legal existence. If the National Republican party should disband (which, practically, it has) the California Republican party would still remain, an independent organization, unless disbanded by its own voluntary act. Under the law of California, the California Republican party consists of the voters registered as Republicans. The National Republican party undertook to hold a convention this year, and the California Republican party sent delegates who undertook to participate in it. The National Republican convention never succeeded in meeting, but its place was taken by a pretended body, usurping its name, consisting in part of real delegates and in part of stolen delegates foisted on it by a usurping national committee. This body read California and the California Republican party out of whatever national party it may have represented.

## PROMINENT ORANGE GROWER MAKES STRONG PLEA FOR JOHN N. ANDERSON

J. H. Reed Gives Some Convincing Reasons Why Progressive Candidate Should be Nominated—His Good Record at Sacramento Before—What He Did For Riverside Citrus Station

FROM THE RIVERSIDE PRESS.

August 21, 1912.  
Editor Press: I noticed that the principal reason assigned why Mr. Chapman should be supported for senator, is that he is a prominent and successful orange grower. That Mr. Chapman has made a success of the business of citrus fruit raising, is certainly greatly to his credit. But just how that especially fits him for a state senator is not so clear to my mind. I know several successful orange growers, excellent men, who would scarcely fill the bill for that place.

Now why not get right at the meat of this matter, without clouding it with platitudes. We are supposed to choose the man for our Sacramento work who is best fitted for that business. Did Mr. Chapman have an important position to fill and there were two applicants, one an honest, bright, good fellow, with many friends because of it, and had made a success in the grocery business, but knew nothing about orange growing; the other possibly not so brilliant, but an honest, hard worker, of proven capability, and with a successful experience in just the work the place called for, Mr. Chapman wouldn't hesitate long which to employ. He would not jeopardize the best interests of his orchards to favor a good fellow, however popular, while a well trained man for the work was available.

Were it wise for personalities, friendship, good fellowship to decide these matters, I certainly would support Mr. Chapman, because I know him to be of good business ability, a good fellow, actively and honestly interested in the betterment of his kind. Besides I confess I am proud of his achievements as an orange grower and promoter of the best interests of the great industry. While I have no intimate personal acquaintance with Mr. Anderson, in a general way I know of his high standing as a good citizen and capable, hardworking, painstaking business and professional man. But the point that decides the matter with me is Mr. Anderson's four years experience, which not only familiarized him with the duties of the position and the legislative needs of the district, but demonstrated his ability to serve his constituents intelligently, faithfully and efficiently.

To illustrate this allow me a single resented. It repudiated the law of California and ejected delegates elected under that law. Between that alleged National Republican party and the California Republican party there is no relation whatever. Each has repudiated the other. Being separated, the only one which the law of California can recognize is the one defined by its statutes—the California Republican party.

The California Republican party is amenable to the law, but the National Republican party is not. The California Republican party denies that William Howard Taft is the nominee of any Republican party, national or state, and it rejects him as the candidate of the Republican party of California. The alleged national convention was controlled by notorious fraud. If any court had jurisdiction of its actions, the nomination of Taft would be set aside at once. The lack of such jurisdiction over the national party is surely no excuse for utilizing the power of the courts over the state party to foist on it the fraudulent action of the informal national convention. If courts can impose a fraud in one place, on no other ground than their inability to undo it in another, then are the courts the servants of fraud.

The only domination a national convention has over a state party is its moral authority. The June convention held in Chicago has no moral authority over any one. It has imposed on President Taft the otherwise undeserved odium of its own shame. It has assassinated the national party it pretended to represent. It has substituted fraud for votes, as a criterion of party choice. It has extinguished the loyalties of two generations, and made the once-honored

Instance. For a long time the need of a citrus experiment station to help solve the intricate orchard problems, had been severely felt. After several years of effort the state agricultural department finally granted our request. The next step was to secure an appropriation to establish and to equip the station, which proved a difficult matter. This came up when Mr. Anderson was in the Senate, and we appealed to him. He first carefully looked into the reasonableness of the demand. Convinced as to this, he, with Mr. Estudillo, our representative, took the matter up in a careful, painstaking way and after a long, hard fight, secured the appropriation. To these two men the great citrus industry of California is indebted for the establishment of this station which is to prove of vast value to the business, long after the successful individual growers are gone. And to Mr. Anderson, Riverside is probably indebted more than anyone else for its location here, since fully appreciating our local claims, being from another country, he could present them with more grace and greater force. So far as I can learn this is a fair example of the kind of work he did as senator, and of what may be expected if he is returned.

And in this connection I may say that it is being generally felt that the establishment of a demonstration school for portions of the year, in connection with the station, is necessary to secure from it the greatest benefit to the growers. And probably at the coming session an effort will be made to secure an appropriation for this purpose.

If so no other man is so well fitted to take this matter up successfully as Mr. Anderson.

One more point I think should be noticed. I cannot think Mr. Chapman, or any of his intelligent supporters, believe for a moment that Mr. Taft can be elected. By placing his influence with the Taft ticket he really by so much supports Wilson, who believes in free trade. I fail to see how he reconciles this with the best interests of the orange growers. In fact I really sympathize with Mr. Chapman in the dilemma he has placed himself, by posing as a Progressive while working in the interests of the Reactionaries.

J. H. REED.

name of Republican a by-word and a reproach in this nation. We doubt if the name is worth upholding, even in California, where it can be worn with honor. But if the California Republicans think so, surely that is their privilege. And if, at the end of this campaign, the national Republican party is buried under the avalanche of a nation's wrath, until there remains nothing of the name of Republican except the Republican party of California, surely those who think the name worth saving should extend their gratitude to those who saved rather than to those who destroyed it. If there is to be a new Republican party to emerge from the wreckage, it must be built on such surviving Republican organizations as the California one will be. For our part, we do not anticipate any such result. The wreckage nationally will be rubbish, not worth rebuilding. But, though it may be futile, it is at least laudable, and decidedly not reprehensible, to hold the California Republican party intact through the first storm.—Fresno Republican.

## MAN.

To a normal, healthy man life is best when it is something of a game. To have your living assured, to know that all you have to do to be provided for all your days is to be careful and not to be impudent to your employer, is something like shooting sitting hens instead of flying ducks. Very little good work in the world has been done by men in security. The great inventions somehow do not seem to come from endowed professors. The telegraph, the phonograph, the cinematograph, the sewing machine, the steel wool rubber, the automobile, the card index system, the fountain pen—what universities or technology institutes projected them? What literary scholarship produced a Kipling, a Bernard Shaw, a Maupassant, a Wagner or a Glott? And as for religion, St. Paul and Savonarola, Luther, Knox and Wesley, General Booth and Mrs. Eddy were only successful (I speak only of their results; I am no judge of their rightness) when they cut loose from all safety and risked ridicule, starvation or worse. Of all the people in the great business house the man who is getting the most out of life is the man who is at the head, carrying the responsibility, not knowing whether tomorrow will bring loss or gain, putting his brain against all the chances of failure.—Dr. Frank Crane.

## MAN DIES AFTER STRANGE SILENCE OF FIFTY YEARS

DIGBY, Nova Scotia.—Within a few hundred yards of a beach where 51 years ago two fishermen found him with his legs amputated, "Gerome," Nova Scotia's man of mystery, died a few days ago, silent to the end about his identity.

Although he undoubtedly possessed the power of speech, "Gerome" had not conversed with anyone in the half century he had been cared for by Didier Comeau and the latter's sons and daughters.

Away back in the summer of 1861, according to tradition, a ship different from those usually seen here put off a small boat which made for the shore and deposited above the tide line an object that several hours later was discovered to be a man.

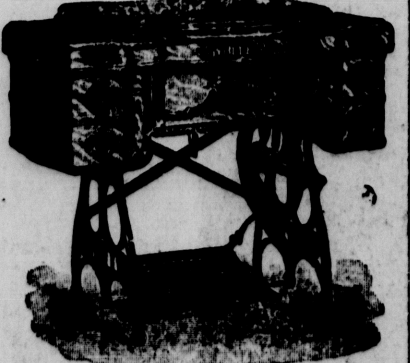

His legs had been freshly amputated and there was a jug of water and a package of snip's biscuit beside the man, who had suffered greatly from exposure. Wrapped in blankets and taken to the Comeau house, where, ever since he has been a welcome member of the household, the man was finally revived by a physician. In half a dozen languages the man was asked: "What is your name?" To this question, in Italian, propounded by the elder Comeau, the man made muttered reply: "Gerome!" Never after that, however, did "Gerome" utter a word except on one occasion when asked where he came from. "Trieate" was the reply, made, seemingly, in an unguarded moment.

Physicians from all parts of the world, who have visited this Land of Evangeline in the 51 summers that have elapsed since "Gerome" was found on the beach, have studied the man's case. Most of them have agreed that he might have spoken had he decided to do so.

WEST VIRGINIA WISHES SOLON'S ELECTION PROBED  
WASHINGTON, Aug. 26.—A memorial signed by Governor Glascock of West Virginia and numerous citizens demanding the investigation of the election of Senators Chilton and Watson of West Virginia was read in the senate. It said an "unholy alliance existed between this man Chilton and this man Watson. As they sleep in the same bed, as a reasonable belief it follows that they think together."

It alleged that improper use of money had been employed in the election of both. The memorial was referred to the elections committee.

KAISER ILL FROM FEVER AND CATARRHAL GOLD IS NOT SERIOUS  
BERLIN, Aug. 26.—The Kaiser is lying abed at Wilhelmshohe Castle suffering from a catarrhal cold and a slight fever. All his engagements for the ensuing week have been canceled. His Majesty's physicians state that his indisposition is due to the cold, wet weather prevalent the past fortnight, and is not serious.

## LOS ANGELES IS CONSUMER OF HAY

In Spite of Being One of Leading Motor Cities, Will Use 500,000 Tons Next Year

Los Angeles Examiner: Despite the remarkable increase in the use of automobiles in Los Angeles, making this one of the foremost motor cities of the country, the hay consumption is increasing. More than 500,000 tons will be used here in Los Angeles during the next year for the feeding of stock, according to a statement made recently.

Were it not for the automobiles, the amount of hay used would be increased to 1,000,000 tons, it was estimated by D. P. Flory, a local hay dealer. But while the autos have cut the hay consumption one-half, the amount of feed consumed, nevertheless, is increasing. This shows, Flory asserts, that Los Angeles with its amazing growth is yearly increasing its number of horses.

"From present indications we will have to ship in hay to take care of the trade this year," he said. "Last year 300,000 tons were consumed. Of this amount 60,000 were alfalfa.

"The day may come when the automobile will stop the hay traffic, but it seems to be a long way off in Los Angeles. The same is true in every large city. Los Angeles needs both the trucks and the horses to handle its immense business."

## SENATOR SMITH COMING

Accompanied by Family, Michigan Solon Will Visit Parents and Sister Here

Mrs. George R. Smith has received a telegram from her son, U. S. Senator William Alden Smith, of Michigan, that he and his family are starting immediately for Santa Ana where they will visit their parents and Mrs. Ella Pye, Senator Smith's sister.

The family here rejoices over the news of the coming of Senator Smith as the health of his father, George R. Smith, does not improve. His remarkable vitality, indeed, is the prime element in sustaining him under the many repressions he has suffered.

Santa Ana will be very glad to welcome Senator Smith and his family and hope their visit will be an extended one. The Senator has a large circle of personal friends here, and many others not so well acquainted with him, will give him warm greetings for the friendly feeling he has manifested toward this place and one of its important projects, the opening of Newport Bay as a harbor of commerce. Not only has the Senator unvaryingly expressed his belief in the feasibility and value of the harbor project but he has given practical aid in Congress and elsewhere.

GENUINE SURPRISE PARTY

Relatives Aid the W. W. Wassers in Joyfully Celebrating 15th Wedding Anniversary

Completely surprised were Mr. and Mrs. Wilbur W. Wassers last Saturday evening when a group of merry relatives invaded their pleasant home at 402 East Sixth street, to aid them in celebrating their wedding anniversary properly. All of the self-invited guests devoted themselves very gayly towards making the evening an interesting one, and their efforts were undeniably successful. They presented Mr. and Mrs. Wassers with two handsome pieces of cut glass, valuable additions to the household equipment. Mrs. Wassers gave her husband a most useful gift, a thermos bottle, and was delighted to receive from him a lovely diamond ring.

Delicious ice cream was served with delectable cake by the visitors who looked after the commissary features of the evening. Those in the invading company were the respective parents of the fifteen-year-old bride and groom, Mr. and Mrs. J. S. Wassers and Mr. and Mrs. O. T. Johnson, Mr. and Mrs. C. T. Johnson, Mr. and Mrs. Walter Galbraith and Miss Vesta Wassers.

Personal

Mrs. C. A. Terwilliger, who was seriously injured in a runaway accident near Yerfington, Nev., on the 13th inst., and who was taken to Reno and placed under the care of Dr. Parker Lewis, is reported to be improving.

Miss Lillian Walker and Abel Anderson left Saturday for Alibi, Vista where they are the guests of Miss Helen Remberg. The Elton Rembergs are enjoying an outing at the mountain resort where the Remberg property is one of the attractive summer homes.

Mrs. L. L. Vestal and children are in camp near Orange County Park in company with Mrs. Vestal's father and mother, Mr. and Mrs. R. L. Freeman of Orange. Mrs. Rogers and two children of Los Angeles are also with the party. They have been enjoying the week in the hills and will not break camp until Wednesday next.

Misses Jo and Blanche Tiede and the Misses Cloyes went to Los Angeles today for a day of pleasure and sight seeing. Miss Blanche Tiede will remain in the city for several days.

The Oceanside Blade says Rev. F. D. Ashleigh, formerly pastor of the M. E. church there but now located at Garden Grove, is visiting friends in the beach city.

Harry Perry of Los Angeles was an over Sunday visitor with friends in Santa Ana, returning to the city last evening.

Mrs. A. Merigold of Santa Ana, registered at the Hotel Argonaut, San Francisco, last Friday. She is in the northern metropolis for a family reunion, and with her mother from Chatsworth, Tenn., will visit relatives there this week.

Rev. A. F. Stem and family have returned from a vacation trip at Laguna Beach. They arrived with time to be present at the regular conference meeting of the Methodist church, South.

Mr. and Mrs. H. G. Herrick have removed here from St. James, Minn., for permanent residence in Santa Ana. They are at present located on First street. Mr. Herrick is a brother-in-law of A. V. Merigold, and has purchased an interest in the wholesale grocery company recently established here.

Miss Lucy Hill, who has been away from home for a week enjoying a delightful camping experience near Orange County Park, returned here this morning. She was with the Hedstroms of Anaheim.

Mr. and Mrs. F. B. Martin and daughter, Marguerite, are leaving today for West Pomona where they will make their future home. Mr. Martin will continue in the employ of the Southern California Edison Company. In West Pomona he will have the position of power installation inspector.

Mrs. George Hemstock has gone to Trabuco to spend a few days with her brother and family who are camping in the canyon.

Miss Margaret Lacy and Miss Frances Emans came down from Redlands last Friday afternoon for a visit to home folks. They returned in time to open school this morning. The young ladies are enlarging their business college in Redlands. Their enterprise has proved most successful, a fact their friends are glad to know.

Mr. and Mrs. O. E. Bennett motored to Los Angeles Saturday and spent the week-end with relatives in that city.

Mrs. V. V. Tubbs and daughter, Louise, spent the day in Los Angeles. Miss Etta Deardorff was a visitor in the Angel City for the day, going up on a nearby car.

F. E. Batturs, general passenger agent of the Southern Pacific, accompanied by F. K. Gordon and Harrison were in Santa Ana today. L. B. Vail, the local agent, was introducing the visitors this afternoon to some of Santa Ana's business men.

BECKER WILL TELL HOW HE SAVED FORTUNE FROM SALARY

NEW YORK, Aug. 26.—Police Lieutenant Becker, indicted for the instigation of the murder of Herman Rosenthal, will tell on the witness stand how he "saved" \$125,000 in twelve months on a salary of \$2350 a year. He will explain how he made this \$2350 earn five hundred and fifty-five per cent on itself in a year, and lived comfortably in the meantime as well as started to build himself a \$9000 house on a \$6000 lot.

The \$125,000 involved is the amount District Attorney Whitman has found deposited in various banks around and in New York to the joint credit of Becker and Helen L. Becker, his wife.

BECKER WILL TELL HOW HE SAVED FORTUNE FROM SALARY

NEW YORK, Aug. 26.—Police Lieutenant Becker, indicted for the instigation of the murder of Herman Rosenthal, will tell on the witness stand how he "saved" \$125,000 in twelve months on a salary of \$2350 a year. He will explain how he made this \$2350 earn five hundred and fifty-five per cent on itself in a year, and lived comfortably in the meantime as well as started to build himself a \$9000 house on a \$6000 lot.

The \$125,000 involved is the amount District Attorney Whitman has found deposited in various banks around and in New York to the joint credit of Becker and Helen L. Becker, his wife.

## SAN DIEGO THEATER IS MAGNIFICENT

New Spreckels Building Costs Million—Theater One of the Finest in America

SAN DIEGO, Aug. 21.—After nearly two years' work and the expenditure of more than \$1,000,000, the completion of the new Spreckels building in San Diego, was formally announced last night with the opening of the Spreckels theater. The playhouse is admitted to be one of the finest in America and was crowded almost beyond capacity when the curtain rose for the first time. "Bought and Paid For" was the opening bill, presented for the first time out of New York City and with the original cast which gave the play its original production in New York more than a year ago.

The seating capacity of the new theater is exactly 1915. For days before the opening all seats were sold, the limited standing-room space allowed by Managers J. M. (Jack) Dodge and Harry C. Hayward was taken and tickets could not be secured at any price.

John D. Spreckels, through whose efforts the magnificent place has been brought to completion, together with his family, occupied boxes. Harrison Albright, architect of the building, and his family were present. Mayor James E. Wadham, his family and nearly all city and county officials, retired army and navy officials and most of the prominent society leaders of San Diego and Coronado were present.

The new building is six stories in height and fronts for an entire block on D street, the principal thoroughfare. It has a frontage of 235 feet on Second street and the same on Third street. It is of reinforced concrete. Excavation work for the basement, occupying 56,000 square feet, was started November 30, 1910, and with the exception of Sundays and holidays has been in progress continuously until the doors of the new theater were thrown open for the first time tonight.

Nothing has been left undone in making the building modern in every sense that word implies. The theater is an architectural triumph. The stage is reached by a massive arched driveway through the rear of the building, allowing teams to drive from the street directly to the stage and off to the opposite street.

With the exception of space allowed for a model cafe in the basement, the lower floor is given over entirely to dressing rooms and facilities for handling the stage work.

The theater space occupies the center of the building extending from D street through the entire length of 235 feet. The entire lobby, including the box office, elevator recesses and stairways, is finished in Pedra onyx, the beautiful transparent stone from the quarries of Lower California. The main auditorium is 70 feet deep and 88 feet wide.

EUROPEAN CAPITALISTS PRAISE THIS WONDERFUL CALIFORNIA

Los Angeles Examiner: A. Du-four and Ernest Schmeihling, capitalists from Switzerland, who have been studying business and social customs of the United States, arrived at the Hotel Alexandria from the East yesterday and spent the day seeing the city.

"California is one of the most wonderful countries we have ever visited," they said last night. "Its scenery in places exceeds that of Switzerland, and one surely should see America first before looking for beautiful sights abroad. Los Angeles is also one of the most beautiful cities we have visited. Our impression of America and the West are those of pleasure and hospitality."

WIDOW BROWN GOES FREE FROM "FLEECING" CHARGE

SAN FRANCISCO, Aug. 26.—Postponed five times because of the complainant's refusal to press the charge, the case of Mrs. Alice Brown, the Los Angeles widow accused of fleecing David Napping, an Illinois farmer, out of \$3900 at Long Beach, was today dismissed. Judge Shortall declared his belief in court that she had trifled with Napping, but owing to the rights of the defendant he had no alternative but to dismiss the case.

GLASS TRIAL ON SEPT. 16

SAN FRANCISCO, Aug. 26.—Superior Judge Lawrence today set September 18th for the trial of Louis Glass, former vice president of the Pacific States Telephone Co., charged with bribery. The action was taken to prevent the defense seeking the dismissal of the case on the ground that the trial date was not within the sixty days limit.

## GOV. JOHNSON IN LOS ANGELES TODAY WILL BE GIVEN OVATION

Santa Ana Will be Represented at Luncheon in His Honor and at the Big Meeting at Shrine Auditorium Tonight—Interest and Enthusiasm Indicate Great Strength of Progressive Cause in Southland

This is a great day for Progressives and Progressivism in Southern California, being the occasion of the visit to Los Angeles of Governor Hiram W. Johnson, Progressive candidate for vice-president of the United States, on the eve of his departure to the eastern states where he will speak during the campaign.

At noon Governor Johnson will be the guest of honor at a luncheon at the Athletic Club, given by Edwin T. Earl, publisher of the Los Angeles Express. Santa Ana will be represented at this luncheon by the editor of the Register. This evening, the Governor will speak at Shrine Auditorium, and Santa Ana will be represented by a score or more of the leading Progressives of the city, including F. L. Andrews, A. B. Gardner, G. L. Wright, M. A. Flood, John Beatty, J. P. Baumgartner, S. J. Jackman, R. W. Mead, A. C. Black, C. W. McNaught, M. Von Allmen, A. J. Padgham, W. H. Thomas, A. J. Crookshank, W. S. Rose, Mr. and Mrs. W. L. Grubb, G. P. Hill, J. F. Brooks, A. I. Wilson, Dick Harding and S. M. Davis.

In no part of California is Governor Johnson more loved and respected than in Los Angeles and throughout the southern counties. His splendid record of achievement on behalf of the people, his steadfast devotion

to their interests and the magnetic charm of his personality have served to endear him to the voters everywhere. Now that he is to go upon the stage of national political action in his support and anxious for his success, are taking every opportunity to manifest their interest in him and to give him friendly encouragement and co-operation.

When Governor Johnson appeared at Dreamland Rink, San Francisco, after his return from the Progressive convention at Chicago, he was given a tremendous ovation. The huge hall was not nearly large enough to accommodate the audience that assembled and it was necessary to hold an overflow meeting. Los Angeles is determined to outdo the reception given the Governor at the bay metropolis. Advances from all the southern counties are to the effect that big delegations from the neighboring cities will attend to swell the crowd which will gather to do honor to California's "first citizen."

This meeting comes as the one big local rally during the primary campaign, and it will give Governor Johnson an opportunity to discuss the issues involved in that campaign. He has never failed to enthrall local audiences and it may be relied upon that he will give a masterly address on this occasion.

## WIRELESS SNARES DISTANT MUSIC

Hears Experimental Strains of Graphophones Used in Tests of New Wireless Telephone

SAN PEDRO, Aug. 24.—Hearing in the station of the Marconi Wireless Company in San Pedro songs rendered by graphophones in Long Beach and Watts has been the experience of the local wireless operators here for the last week. The songs and messages over the wireless telephone have been heard by the operators for many days before they located the source. Today it was learned that a large corporation, which is experimenting with a wireless telephone, has been established in Long Beach for several weeks and that the concern is attempting to learn if the wireless apparatus can be used commercially.

The messages are plainly heard in San Pedro station of the wireless company, each word being distinct even to the metallic sound of the phonograph. The company experimenting with the wireless telephone is known as the General Research Company.

The local station of the Marconi Wireless Company is one of the strongest on the Pacific Coast and has a range of between 1000 and 2000 miles. Messages have been received from boats which are 1500 miles at sea.

**THERE IS ONE GOD AND ONE MEDIATOR**

The World Needs a Mediator,  
Church Needs Advocate.

Pastor Russell Addressed Two Large Audiences in Stockholm Yesterday. Left to Fill Lecture Appointment in Copenhagen, Brussels and London.

Stockholm, August 25.—Pastor Russell of London Tabernacle addressed two large congregations here in Swedish and left for Copenhagen, Kiel, Brussels and London. We report one of his addresses from 1 Timothy II, 5, 6: "There is one God, and one Mediator between God and man, the Man Christ Jesus, who gave Himself a Ransom for all, to be testified in due time." Many wonder why God does not forgive sin freely without requiring the death of Christ as a basis for reconciliation. We are to forgive those who trespass against us, because we do not occupy the place of Creator and Judge towards our fellows, and because we ourselves are sinners like others. For the Creator to forgive sin and remit its penalty unconditionally would be to admit either that the Law and penalty were too severe or that man was imperfect in his creation and unable to keep a perfect law.

Justice Cannot Admit Either Premise. Divine Justice cannot admit either premise. Man was created "very good"; and the Law was reasonable, and the penalty just. For God to have overridden the justice of His own decree would have opened the door for transgressions on the part of angels, for each creature might justly claim the privilege of sin and forgiveness. This would vitiate justice. Instead, God manifested His love by providing a satisfaction for man's sin, a substitute under the penalty—Jesus.

The Logos was made flesh, and died willingly; "for the joy that was set before Him He endured the cross." The joy included the work mentioned in our text and also His own exaltation to the right hand of Divine Majesty. Thus the Man Christ Jesus laid down an unforfeited human life and received the divine nature and glory far above angels. The human life laid down is to be "a ransom for all, to be testified in due time." (1 Timothy II, 6.) But that due time has not yet come nor has that sacrifice been appropriated for mankind. Hence "the sin of the world" is not yet taken away, although as the Mediator, Jesus has laid the price of human redemption in the hands of Divine Justice.

Jesus awaits the gathering of the Church, over whom He is Head. He, with the Church, His Body, will constitute the great Mediator, who will inaugurate the New Covenant, after completing His "better sacrifice." (Hebrews ix, 23.) The first of these was His own flesh; the remainder is the flesh of His Church; thus He said to Saul of Tarsus, "I am Jesus whom thou persecutest." See also Ephesians v, 30-32.

When the foreordained number of His members shall have passed to Him beyond the veil, then the great Mediator will be completed. Then blood atonement will be applied on behalf of the world, and Divine Justice will accept that ransom-price. Thereafter the world will be free from the death sentence. Forthwith Christ will establish His Kingdom for restoring all that was lost in Adam.

No longer will it be true that the world lies in the Wicked One; thenceforth the world will be under Messiah's Kingdom. Satan will be bound. The knowledge of the Lord will fill the earth, and every creature will have opportunity of return to the Father's House. The wilfully disobedient will be destroyed in the Second Death.

**"We Have an Advocate."**

It will be observed that the Church is separate and distinct from the world and developed as the Body of the Mediator. The Church is called to become partaker of her Redeemer's sufferings and His divine nature. She was, by nature, "children of wrath even as others," hence needs Divine mercy also. The invitation of this Age is to suffer with Christ, to sacrifice earthly interests and hopes, to be dead to the world with Him, and thus to be made sharers with Him in His heavenly glory and Kingdom.

But none is worthy to offer sacrifice nor could God accept imperfect sacrifices; hence the Divine provision is that we present our bodies to the High Priest for sacrifice. He then becomes our Advocate, and, in harmony with the Divine will, accepts us as "His flesh" and sacrifices us as such, imputing to us of His own merit to cover our blemishes. Thus the Church is "accepted in the Beloved." Thus suffering with Him as His members, we receive also a share with Him in His reward as members of the Body of Messiah, the Mediator, Prophet, Priest and King, through whom God's blessings are soon to be dispensed to the entire groaning creation, under the terms of the New Covenant. An appreciation of the Divine arrangement helps us greatly to estimate our privilege of suffering with Him, that we may also reign with Him.

## LOS ANGELES PRODUCE MARKET

Peaches are getting scarce on the local market, arrivals from the north having practically ceased. The local-grown product is not appearing in very large quantities as yet. There has, however, been only a slight upward trend in prices, which will probably cease as soon as the southern California peaches commence to arrive. The supply on the market is still well in advance of the demand.

Cantaloupes are also short, and the reported selling price in most instances is considerably higher than that which has hitherto prevailed. Some of the dealers are selling jumbos at 75 cents and \$1 respectively. Casabas, on the other hand, are coming on the market in large quantities, several new shipments having arrived yesterday. Prices are steady.

Several boxes of huckleberries have arrived from Oregon and are selling at 20 cents a pound. Gravenstein and Hitteneheimer apples are reported to be very scarce, but quite a quantity of Skinner seedlings are coming in. Apricots are going out and are selling for \$1.25 a lug. It is estimated that nearly 100 cars of this fruit, valued at \$80,000 to \$70,000, were consumed in Los Angeles this season. Several boxes of pickles are still on the market and are selling for \$1 to \$1.20 a box.

Sweet potatoes are arriving in large quantities, and as a result the price on this commodity has fallen appreciably and is expected to sink lower. The rate at present is around 3 cents.

A steady influx of potatoes from the north is beginning and the price is being very steadily maintained on this vegetable, despite the reported bad condition of local varieties. Eight hundred sacks came in yesterday.

There were no changes in the staple market yesterday. Only ninety-one cases of eggs came in. Butter arrivals were 23,224 pounds. In the case of both these products the market was steady. Cheese remained firm and some discrepancy in the price bid and asked and the actual figures chalked up seems to have caused the apparent fluctuation in some of the varieties reported in the last two days. The price remains firm at 1 1/4 cents a pound on northern fresh and 23 cents a pound on imported Swiss. Receipts were 200 pounds.

Apple receipts of the day were reported at 885 boxes.

There is going to be a great awakening at Laguna. People from Redlands, Riverside, Pasadena, Los Angeles, Orange, El Modena and Santa Ana are buying property at Laguna, but not enough of Orange county people are taking advantage of this opportunity. Laguna has not been able to accommodate the people who seek rest and quiet at this beautiful and romantic ocean resort. But by next year good water and better accommodations will be provided. Something is going to happen at Laguna. Our lots are selling, but they will sell faster next season and the prices will be higher. Seven years time to pay for lots and what will they be worth in seven years? Look what has happened at the other beach resorts and then buy at

**RED APPLES**  
AND SAN JACINTO?

Are more certain profit makers than even Valencia oranges. They are less expensive to plant and care for, and the land costs less than good orange land. They are easier marketed, and have a longer marketing season, and an almost unlimited market here in Southern California.

We have the place where the very best RED APPLES grow, where the climate cannot be beaten, even in this country of good climate, where pleasant breezes blow all summer, with an altitude of 2500 to 3000 feet above the sea. There is no excessive heat, bright, crisp and bracing air is the rule.

**The Yucaipa Valley**  
Offers the finest opportunities to be had anywhere. Land reasonable, water plenty and of the best quality, only nine miles from Redlands. No experiment for we now have plenty of both old and young orchards to demonstrate our claim. We would like to talk this over with you, then show you the land. "Seeing is believing."

## AT THE COURTHOUSE

CHECK VOIDS  
THE PAYMENT?

Suit Brought Because of Failure to Keep to the Letter of the Contract

Suit to make void a contract because a payment on land was not made was brought today by Chester E. Walley of Los Angeles against Alice A. Billman of Whittier. Miss Billman presented a check at the time the payment was due, and evidently had no intention of defaulting, but the check proved to be insufficient. From a letter written immediately by Walley this deficiency is seized upon to close the contract, on which Miss Billman had paid \$500.

The complaint states that on May 4, 1911, an agreement was entered into whereby Miss Billman was to purchase lot 7, block 14, Yorba Linda tract, for \$2613.75. She paid down \$500, and was to pay \$200 each year thereafter. On May 4, 1912, she sent a check drawn on the First National Bank of Whittier for \$200. This check was signed by John R. King. Evidently Miss Billman considered the check good. However, it was returned to Walley marked "not sufficient funds." Walley considered that the pay-

ment had not been met, and he chose to call the contract at an end and the \$500 first paid forfeited. A letter was written to Miss Billman stating that the payment had not been met and that the contract was at an end.

The complaint filed here today asks the superior court to declare the contract void, and the title to the land vested in Walley. R. C. Gortner and F. M. Fowler of Los Angeles are attorneys for the plaintiff.

**Counted the Money**  
Saturday Supervisor Talbert, Auditor Lester, District Attorney West and Treasurer Joplin counted the money in the hands of County Treasurer Joplin, and found the total to be \$614,472.59. Of that amount there is \$325,000 in school building funds, derived from bonds, \$56,000 in the Newport Protection district, \$32,000 unapportioned. There is \$98,800 loaned to banks at two per cent per annum interest.

**Made Notary**  
The appointment of Lee J. Sheridan of Anaheim as a notary public has been received here.

**Two-Year Sentence**  
John P. Verdugo was today sentenced to two years in San Quentin. Attorney Tarver for Verdugo put up a hard fight to get probation for his client, but Judge Cole of Imperial County, who sat on the bench, could not see it that way. Verdugo was charged with stealing a horse and buggy that belonged to Bert Ryssman of Anaheim. The rig was driven to Artesia, where Verdugo tried to sell it. Verdugo pleaded guilty to the charge. Tarver produced witnesses to show Verdugo's previous good record.

## IN THE JUSTICE COURT

KELLENBERGER  
WAS WITNESS

Lino Almeraz is Held to Answer For Shooting Anaheim's City Marshal

John Kellenberger, city marshal of Anaheim, was in Justice Cox's court today face to face with Lino Almeraz, the Mexican who fired two bullets through Kellenberger's right lung on July 9. Kellenberger told the story of the shooting. He was called to the rear of Hout's store at Anaheim to disperse a trio of Mexicans who were in a quarrel. Almeraz stepped from behind a partition, and without provocation fired twice at Kellenberger.

Deputy City Marshal Phil Germann and Undersheriff Squires told of the chase and capture of Almeraz at Buena Park. G. Jacoba and Carlos Ortiz, the two Mexicans who were with Almeraz, testified that Almeraz had tried to steal Jacoba's watch, and it was during the altercation that followed this attempt that the city marshal arrived and was shot.

Justice Cox ordered that Almeraz be held to answer for trial, his bond being fixed at \$3000. As far as bond is concerned, Almeraz probably could not raise \$300.

Attorney A. J. Green of Los Angeles appeared for the prisoner, and Deputy District Attorney Koepsel represented the people.

Kellenberger has regained much of the strength that he lost in the terrible siege he was put to by the shooting. For days he wavered between life and death. He is on duty again, but is still quite thin.

**Look For Pacheco**  
Constable Jackson is looking for Ramon Pacheco and a suit of clothes that Pacheco is supposed to have. The peddler left the suit, and when he returned to the house at 4 o'clock Pacheco was gone.

FOOD IS SPOILING  
YET PRICES SOAR

Ranchers Slave to Pay For Their Homes But Cannot Sell Their Produce

Apropos of the high cost of living, the following letter to the Los Angeles Tribune explains itself. It is under the caption of "Food Spoiling; Prices High."

"Editor The Tribune: Out here at Bellflower the vegetables are of such excellent quality and the sea breezes so invigorating people are led to overeat to keep the great abundance of food from decaying. An account of the condition of graft in the produce business of Los Angeles referred to in last week's Tribune, making it impossible for the acre holders here to dispose of their products, and we cannot consume it all ourselves without doing ourselves an injury. So what can we do? We have nearly worked ourselves to death to keep the weeds down so we might have something to sell and so pay for our homes and buy the things we cannot raise, as there is no discount on the productiveness of the soil; but we cannot raise clothing, books, tools, etc., and if you Los Angeles people will not eliminate the 'food trust' there will not be a question as to the health and prosperity of this place. Acres of onions, cabbage and potatoes, etc., have failed to bring the producer anything in the last two years since the opening of this tract, not that there was any lack in quantity but because of Los Angeles' graft. Now comes this new graft in the form of infantile paralysis."

"MRS. A. T. MILLER."

1000 NEW REFRIGERATOR CARS  
FOR THE SOUTHERN PACIFIC

SAN FRANCISCO, August 26.—One thousand new refrigerator cars, equipped with collapsible tanks with a capacity of 11,000 pounds of ice, will soon be delivered to the Pacific Fruit Express Company, a subsidiary of the Southern Pacific Company. The collapsible tanks will enable the company to use the cars for ordinary freight during the period that the cars are not required for perishables. The first installment of these cars will be started westward within another month and they will immediately go into service.

This order of 1000 new cars is an increase of ten per cent and makes the total refrigerator equipment of this company 11,000 cars. The latest refrigeration ideas have been adopted in the building of the cars and a most

effective insulation will line the interiors. Five years ago the Pacific Fruit Express Company had 6600 of these cars, but the growing fruit and produce business of California, Oregon, Washington, Idaho and other Pacific coast states has caused nearly a thousand additional cars to be purchased annually.

The equipment of this character owned by the Pacific Fruit Express Company represents an outlay of more than \$15,000,000. This new order will total nearly a million and a half dollars, at the approximate cost of \$1400 each. The unceasing development of the West's horticultural and agricultural resources and the transformation of deserts into green orchards and fields creates the demand for more of these cars each year.

Anderson and Weisel  
Votes Aid Roosevelt

Editor Register:—Allow me to answer some questions through the columns of your paper that are being asked every day; to-wit: why a vote in the September 3 primary election for John N. Anderson, candidate for state senator, and Hans V. Weisel for assemblyman, is a vote for Roosevelt and Johnson, and why a vote for C. C. Chapman and A. W. Rutan would be support for Taft and Sherman.

In answer, I quote from section 24, Primary Election Laws of the State of California:

"Sec. 24. 1. Party conventions of delegates chosen as hereinafter provided may be held in this state or any political subdivision thereof, for the purpose of promulgating platform and transacting such other business of the party as is not inconsistent with the provisions of this act."

"2. The candidate for state officers, if any, except judicial and school officers, and the candidates for Senate and Assembly nominated by each political party at the primary election, and state senators of such political party whose term of office extends beyond the first Monday in January of the year next ensuing, shall meet at the state capital at 2 o'clock in the afternoon of the fourth Tuesday of September after the date on which primary election is held preliminary to the general November election. They shall forthwith promulgate the state platform of their party, which said state platform of each political party shall be framed at such time that it shall be made public not later than six o'clock in the afternoon of the following Thursday. They shall also proceed to elect a state central committee."

"In each of the above-named parties shall be nominated AS THE CANDIDATES OF THEIR PARTY AS MANY ELECTIONS OF PRESIDENT AND VICE PRESIDENT OF THE UNITED STATES AS THE STATE IS THEN ENTITLED TO and it shall be the duty of the secretary of state to issue certificates of nomination to the electors so nominated, and to cause the names of such candidates for electors to be placed upon the ballots at the ensuing November election."

The above quotation shows conclusively that the legislative candidates nominated in the September 3 primary election by the Republican party in every senatorial and assembly district in the state will be the delegates to the state convention, who, and who alone select the names of the presidential electors that will appear on the official ballot to be voted on in the November election.

Both Anderson and Weisel, being pledged and avowed supporters of Theodore Roosevelt and Hiram W. Johnson for president and vice-president of the United States will support only such men for electors as are known to them to favor the election of the above-named presidential candidates. The same argument holds good in regard to Chapman and Rutan. They being avowed supporters of Taft and Sherman, if nominated they will vote for no man in the

state convention for presidential elector who is not known to them to favor the election of Taft and Sherman, who are the great stand-pat reactionary candidates, men who were nominated by fraud, men of no higher ideals of civic righteousness than a common ward politician, as neither could stoop lower than to accept a nomination secured by fraud.

In conclusion, I urge that it is the bounden duty of every voter, whether man or woman, who is a true Progressive within the nation, not alone within the party, to vote for only such candidates as can and will further the election of Theodore Roosevelt and Hiram W. Johnson.

Very Respectfully,

S. J. JACKMAN,

President of the Roosevelt-Johnson Progressive Club of Santa Ana.

—From August 12th to August 31st inclusive the Santa Fe will sell excursion tickets Santa Ana to Berkeley, Cal., for one and one-third fare for round trip.

Students who expect to attend University of California, should take advantage of these rates. Certificates will be honored at Berkeley, for return trip at close of the semester between December 20th and 31st, enabling students to spend holidays at home. Those who do not wish to return home can have certificates honored between May 5th and 20th, 1913, at close of the school year. Tickets for return trip being sold at one-third fare.
